Subject: Acceptance of Reclamation Contract and Interim Bond, Daniel's Canyon Mine,
M/051/0008, Wasatch County, Utah

Dear Mr. Dalley:

The Division of Oil, Gas and Mining has accepted the reclamation contract and interim reclamation surety, received January 11, 2012, for the referenced mine. The Notice of Intention to Commence Large Mining Operations (LMO) has yet to be approved; the Division's fourth review was sent March 11, 2010.

Because the LMO is not approved, it is necessary for the Division to require a schedule for submitting the LMO. Please make the following submittals as shown:

- March 1, 2012: Submit a map showing the areas included in the surety.
- June 1, 2012: Submit the remainder of the maps and figures.
- October 1, 2012: Submit completed text and appendices.

A copy of the signed reclamation contract is included with this letter. We look forward to finishing the permitting requirements for this mine and appreciate your cooperation.

Sincerely,

Paul B. Baker
Minerals Program Manager
